

# Summerhill Schools Social Media Policy

## Community Guidelines for Our Online Platforms

At Summerhill Nursery, Preparatory, and College, our digital platforms serve as a conduit for celebrating achievements, disseminating news, and nurturing a positive, respectful community ethos. We wholeheartedly welcome constructive dialogue and are devoted to upholding an atmosphere of respect and positivity across all interactions.

In our commitment to fostering a supportive and positive online environment, we assert the prerogative to moderate our platforms by blocking individuals or removing comments that contain offensive material, constitute harassment, or engage in the airing of personal grievances, which are more appropriately addressed directly with the school's administration.

We earnestly encourage any individuals with concerns or issues to initiate contact through [chantelle@summerhill-school.co.za](mailto:chantelle@summerhill-school.co.za). By doing so, we can assure that matters are addressed in a constructive and confidential manner.

Together, let us dedicate ourselves to maintaining our online community as a beacon of positivity, information, and inclusivity for all members.

## Social Media

Our social media platforms are spaces for celebrating achievements, sharing news, and fostering a positive and respectful community around Summerhill Nursery, Preparatory and College.

We welcome constructive dialogue and are committed to maintaining a respectful atmosphere. To ensure our community remains supportive and positive, we reserve the right to block users or remove comments that involve offensive content, harassment, or the airing of personal grievances which should be addressed directly with the school administration.

We encourage anyone with concerns to reach out to us through [chantelle@summerhill-school.co.za](mailto:chantelle@summerhill-school.co.za), where we can address issues constructively and confidentially. Let's work together to keep our online community a positive, informative, and welcoming space for all.
