

SPORT AT SUMMERHILL COLLEGE

Play a sport. It will teach you how to win honorably, lose gracefully, respect authority, participate in a team environment and assist with time management.

At Summerhill College we offer a range of different sporting codes that students are able to choose from. It is our intention to ensure that all our students take an active part in these co-curricular activities as this enables them to reap the benefit of the coaching offered by our staff and external coaches who commit themselves to the sport in the school. Playing sports at school level is important because it gives you the opportunity to make new friends, as much as winning is important, it is not the most important aspect, as students also learn responsibility and dedication. This often translates into a more productive work ethic in school. To compete in school colours in sport, no matter what the level of competition, it gives the student a sense of belonging and pride knowing that they have contributed to the sporting life of the school.

We have added a high performance programme to enhance our Soccer and Netball athletes in preparation for their respective leagues. We look to implement this strategy for all sporting disciplines.

Our sport is backed up with the facilities at our disposal. We have 2 multipurpose fields where cricket, soccer and softball is played. Our 2 multipurpose courts are used for tennis, basketball and netball. In addition to this, our swimmers have the use of our 25m pool.

SPORT OFFERED:

Term 1	Term 2	Term 3
