

Taxi e-Hailing Services

The use of taxi e-hailing services, such as Uber and Taxify (previously Bolt) has become quite mainstream in society and often parents make use of these services for transporting children to and from school.

Summerhill School strongly discourages the use of these services to transport students and refer back to the terms and conditions of these services:

A passenger must be at least 18 years old to register and request (Taxify/Bolt) rides. If a passenger is under the age of 18, he or she must be accompanied by someone who is 18 years of age or older.

"A rider must be at least 18 years of age to have an Uber account and request rides. Anyone under 18 must be accompanied by someone 18 years of age or older on any ride."

Furthermore, Uber drivers are advised as follows:

"As a driver-partner, you should decline the ride request if you believe the person requesting the ride is under 18. When picking up riders, if you feel they are underage, you may request they provide a driver's license or ID card for confirmation. If a rider is underage, please do not start the trip or allow them to ride."

Summerhill School will not be held liable for any incidents resulting from the use of these services or any other third party transport service to and from school. No student will be allowed to leave the premises of the school without a written consent form (Annexure A) completed by the parents/guardian.

Summerhill School will endeavour to safeguard the students by using the consent forms received to draw up a list of students with permission from their parents/guardian and this list will be posted at the guard house to help ensure no student leaves the premises without written consent.
